

30 September 1958

MEMORANDUM FOR: Mr. Tamm

STATINTL

1. [redacted] is one of the college consultants to our office of Personnel. He is well-known to Mr. Clapp with whom he arranged for the mobilization of the Director's speech. My diary shows that Joseph E. [redacted] of Personnel telephoned to me on 6 March 1958 to request permission for [redacted] to reproduce the Director's speech. This request was granted with the proviso that it be stated that it was a speech delivered at Yale. Mr. Clapp's attached memorandum for the record shows that he passed that message on to [redacted] whom he has known for five years. He is at a loss to understand why [redacted] did not comply with the conditions.

2. Clapp says that [redacted] is a man of high integrity, is the vice president of the University of Texas and some time back refused to accept the presidency of the University of North Carolina.

3. Reason is suggested to attend the annual meeting here of the college consultants, (October 20 - 22) at which time it is hoped he will meet the Director. The Director is to be asked to address the luncheon of this group as he did last year.

4. I believe, however, for the record the Director should send the attached letter.

STANLEY J. GORDON

Assistant to the Director
